Re: Village on the Green | Delegated Development Permit resubmission

Thank you for the opportunity to resubmit our architectural drawings. As a result of further design review, we have made some minor revisions to the Juliette windows and cladding. These changes are noted on the elevations and renderings. The numbers below correspond to the revision cloud #s on our bubbled drawing submission.

1. Juliette window heights have increased, and the cladding pattern has been revised to suite.
2. Vinyl window frames have been revised to a medium gray colour.

Above is the summary of changes to date. Please do not hesitate to contact our office should you have any further questions.

Sincerely,
Low Hammond Rowe Architects Inc
